Use Your Influence to Open Doors and Change Lives

Lifelong Access is inviting community leaders, connectors, and advocates to join the Impact Council, a high-engagement group dedicated to expanding opportunities for people with disabilities and individuals living with mental health conditions.

Why This Matters

Through innovative programs and partnerships, Lifelong Access creates life-changing outcomes every day. As part of the **Care Collective**—a collaborative center for support and connection—we are poised to reach more people, build more partnerships, and grow more support.
